Sponsoring opportunities & application

Dear Colleagues and partners,

The 9th BBBB Conference on Pharmaceutical Sciences "Pharma sciences of tomorrow" will be held September 15th – 17th, 2022, onsite in Ljubljana, Slovenia according to COVID-secure guidelines to best facilitate in-person networking and learning.

The three-day Conference will feature focused panels in all areas of pharmaceutical sciences to establish an informative and successful BBBB conference with the goal of bringing the community together and strengthening the BBBB scientific network. In keeping with the main purposes of BBBB conferences to support young, bright and future promising scientists from these regions, there will be ample opportunities for younger researchers to present their results in the form of oral and poster presentations in an international environment. The conference also facilitates exchange of scientific ideas between young and established scientists and professionals, as well as between people from academia, industry and regulatory authorities.

As personal contacts are essential for establishing our social networks, all social events at the conference are included in the registration fee, which we try to keep acceptable also for young scientists including doctoral and post-doctoral students from all European countries, traditionally participating at this symposium. However, this is possible only by the aid of sponsorship of pharmaceutical and other interested companies. Therefore, we would highly appreciate if your company could contribute to the meeting as a sponsor. Any kind of support is much appreciated as it contributes to the success of this professional meeting, and helps to further develop the pharmaceutical sciences and the related European network. All sponsors will be acknowledged and made visible at the symposium home page and in the symposium materials.

Your company is invited to apply for various sponsorship and exhibition opportunities:

- ✓ As a sponsor or donator of the symposium
- ✓ As an advertiser in congress materials (Final program, promotion material in the conference bag)
- ✓ As an internet advertiser
- ✓ By participating in the conference exhibition
- ✓ As a sponsor of social events
- ✓ Your own suggestions

Please, download a special document for sponsorship, exhibition and advertising conditions from conference homepage (<http://bbbb2022.sfd.si/>). However, organisers are open for any kind of other proposals and suggestions. For further information, please contact: BBBB.2022@ffa.uni-lj.si or pisarna@sfd.si.
